1. High strength, discoloration, fade, persistent ever new, service life more than 30 years.
2. Antibacterial fire prevention, heat-resisting performance meet the national standards.
3. Convenient installation, outfit effect closely level off.
4. Manufacturing craft is excellent, exterior adornment layer design clarity, the picture lifelike adherent firmly.
5. Figure updates faster, hundreds of specifications, various art motifs.

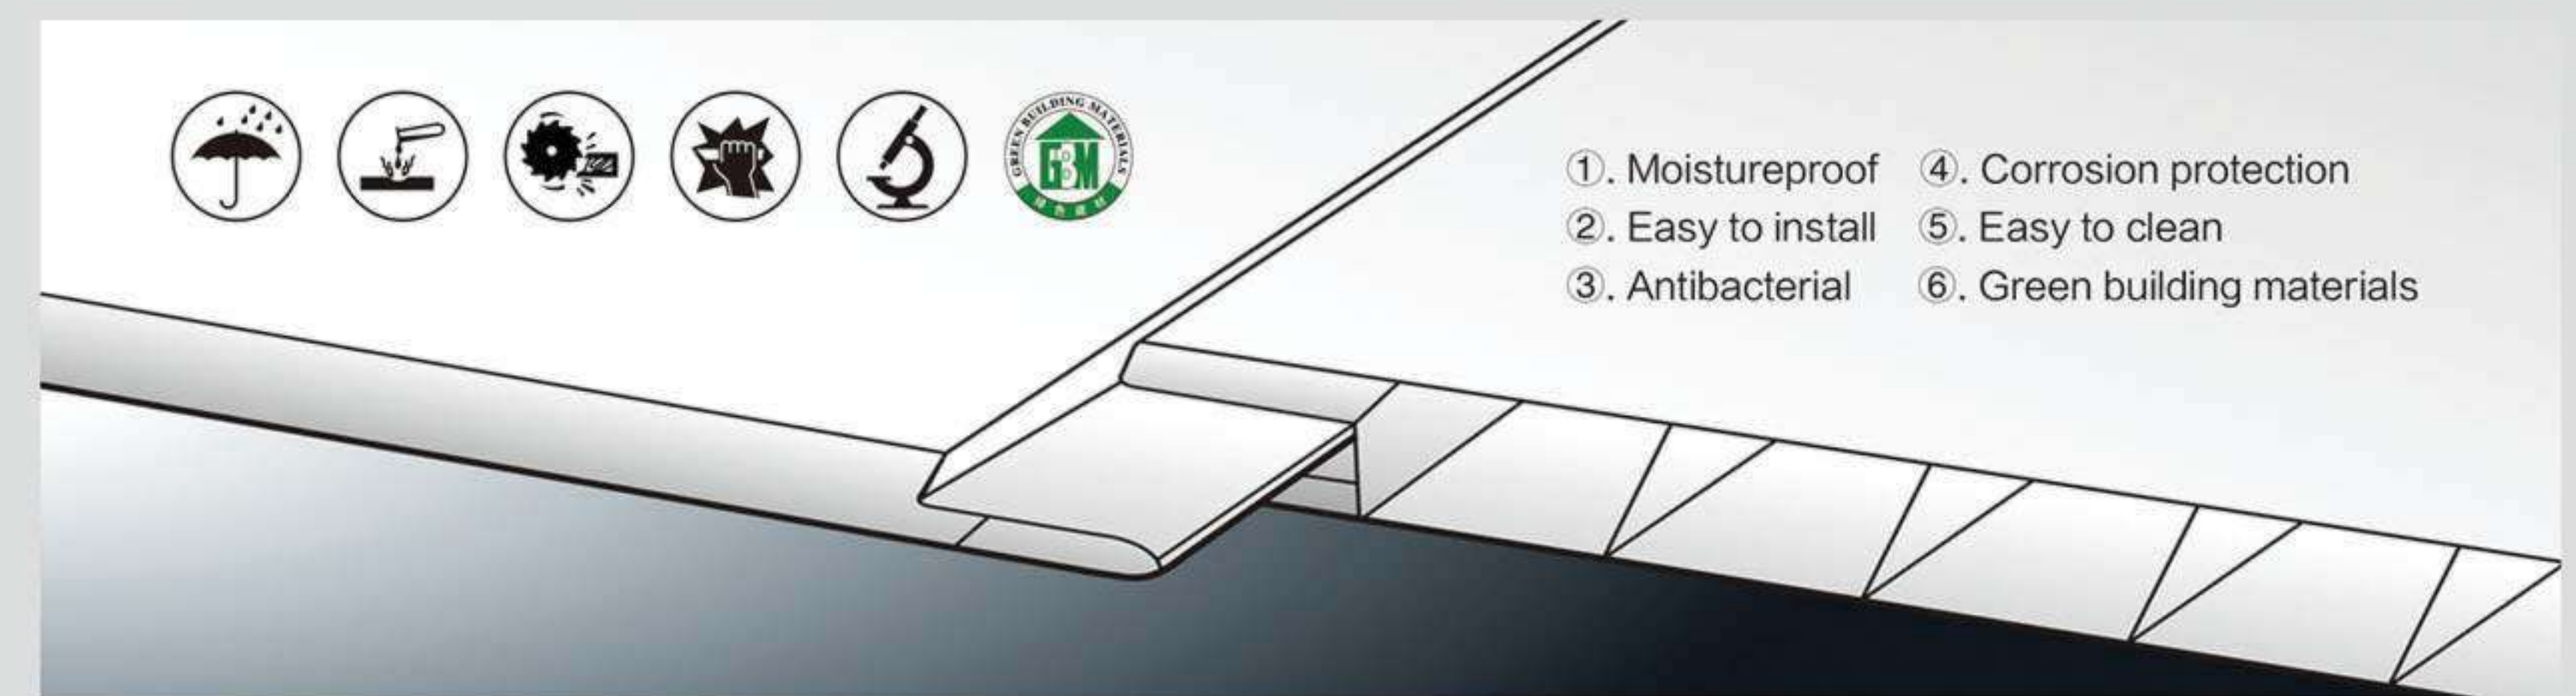

PVC WALL / CEILING PANEL INSTALLATION

Product installation

Using special self-tapping stainless steel screws, wood keel structure of the main and the width of the ceiling should be based on a reasonable interval, Vice keel must be kept in the same plane.

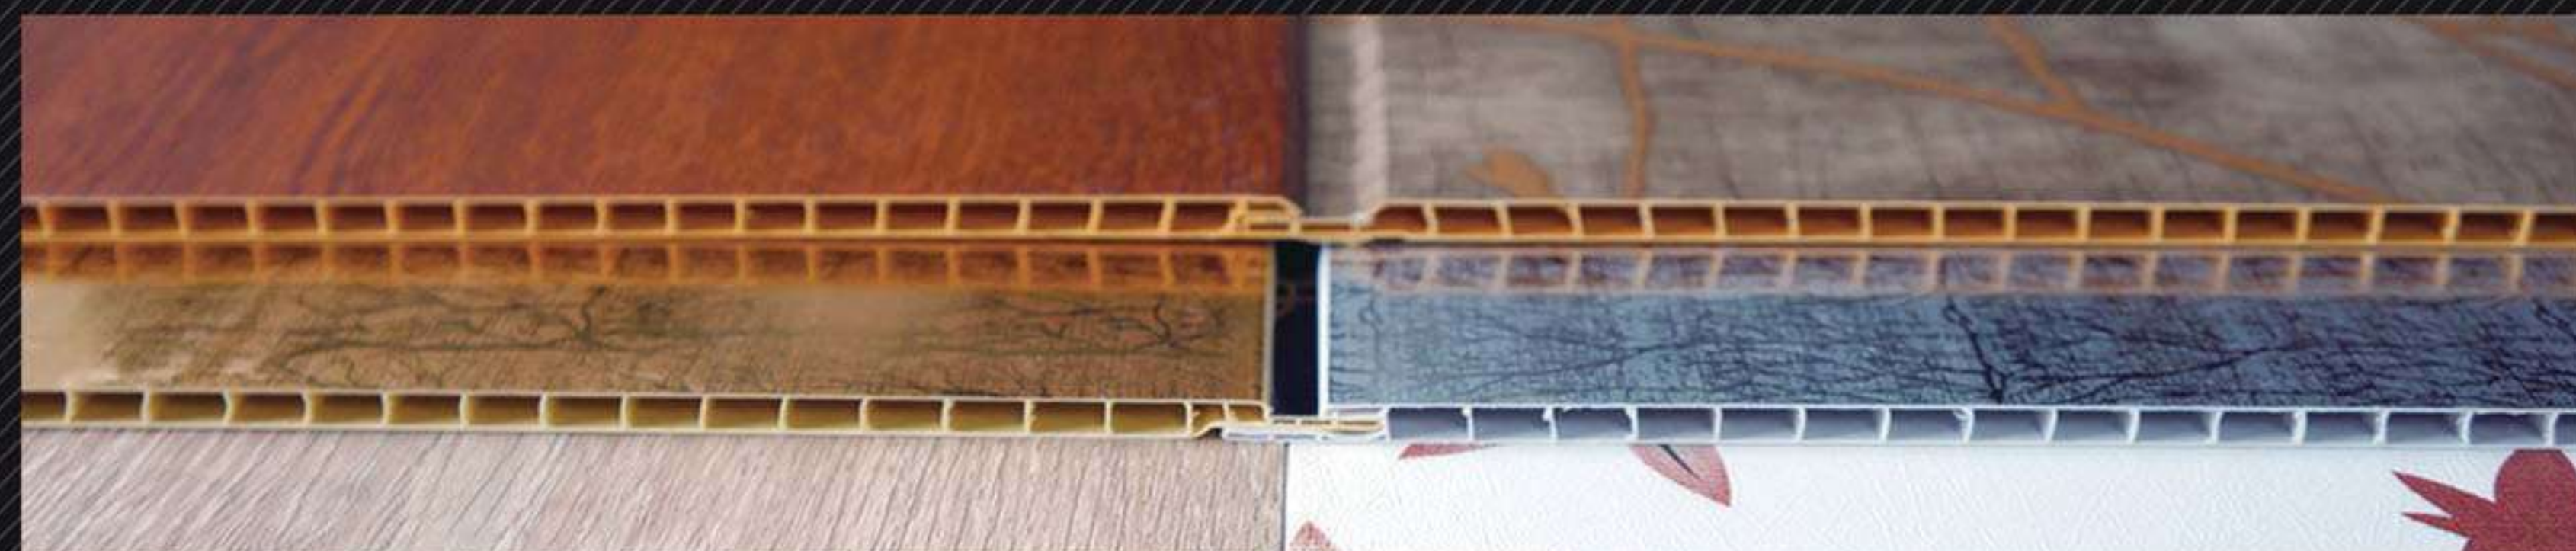

- ①. Moistureproof
- ②. Easy to install
- ③. Antibacterial
- ④. Corrosion protection
- ⑤. Easy to clean
- ⑥. Green building materials

NATURAL • SPACE

Our designers are skilled in mastering the principles of changing and coordination. Those square lattices in different patterns and different textures can make the multiple imaginations indulge in the layering and depth space, realizing the return and anticipation of natural ecology and modern civilization.

Haining haopai new material technology co., Ltd

COMPANY BRIEF INTRODUCTION

- Haining haopai new material technology co., Ltd, located in new jianshan district,haining city,zhejiang province, Easting Shanghai 100kilometres and westing Hangzhou 50koilmetres with convenient traffic.
- Being honest and preciseness to do business for many years, has been rapid development into a set design, production, processing, trade, engineering as one of the large building materials enterprises, has got the environmental management system standard certification. The company overs an area of 10000 square meters, have the world's most advanced wood plastic processing equipment. Become rich scale marble uv panel, engineering board, manual craft processing production line. In 2010, the company introduced the domestic and foreign advanced production are derived Equipment and the high and new technology, is committed to research and development production of high-tech products, satisfied with the market demands for marble varieties diverse, we can produce wood plstic composites up to 10 million square meters. currently is the largest production base in China.
- Our bussiness include: the uv board, project board, panel,clips, door frame, door cover, cylinder and other special-shaped. Wehas rich human resources, to take a number of countries and regions WPC business, won the customer's praise and continuous order. Welcome to visit Haopai new material technology co.,ltd!

Haining Haopai Color Film Technology Co.,Ltd

COMPANY BRIEF INTRODUCTION

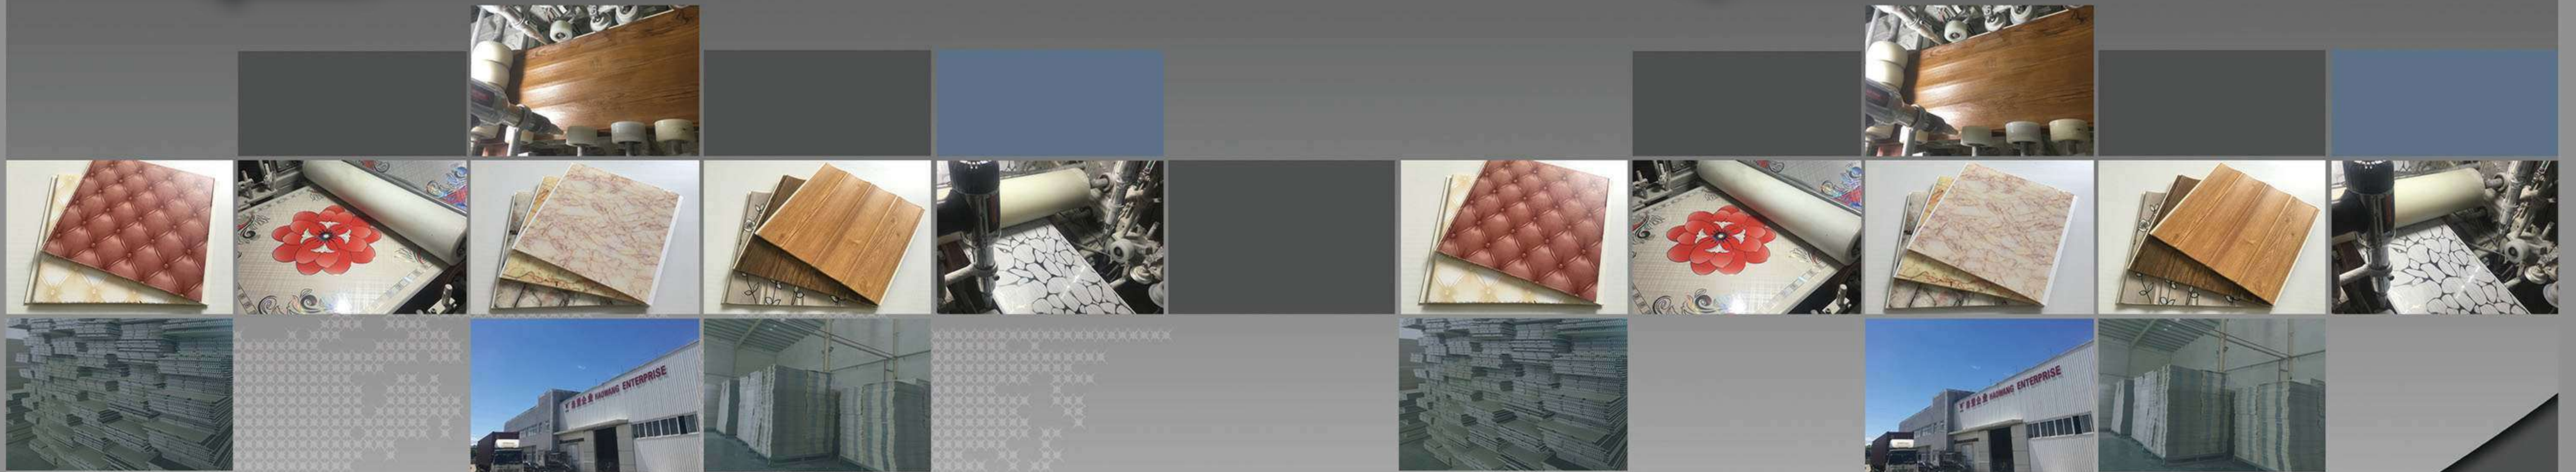

- HAINING HAOPAI COLOR FILM TECHNOLOGY CO.,LTD. is located in beauty city of Haining, Zhejiang province. Easting Shanghai 100kilometres and westing Hangzhou 50koilmetres with convenient traffic.
- As a professional international supplier, our factory has five advanced computer-control automatic lines. we are specialized in researching, developing, manufacturing and marketing high quality and environmental PVC decorative pieces. Hundreds of series could be fidelity, stereo perception, eco-environmental, water proof, fire resistant, toxic tasteless etc. Our products are widely used and stucked on every kinds of wood(poly wood, chipboard, fiberboard, block board, etc.) and other materials(high pressure cement board, asbestos board, aluminium extruded sections etc.).At present, Vacuum laminating machine which is the most advanced technology could make our products stick on the board surface firmly.
- Sticking to business philosophy of win customer by honesty, win market by quality, the company strives for development by technical innovation and profit by management innovation, and is highly commented by customers with top grade quality.
